

If you are feeling ill, or have a temperature please cancel your appointment.

Please arrive on time, but not too early. If the weather permits, you can even wait outside, to avoid contact with other patients.

Come, if possible, alone.

Wear a mouth mask.

Only use the toilet in an emergency.

You can bring a washed towel to lie on during the treatment.

Alcohol gel will be provided so that before and after the treatment you can clean your hands.

The treatment room will be disinfected and ventilated after every treatment. We will allow extra time for this, but please help by making any new appointment quickly.

Cashless payment is also possible via Payconic or other mobile bank apps.
